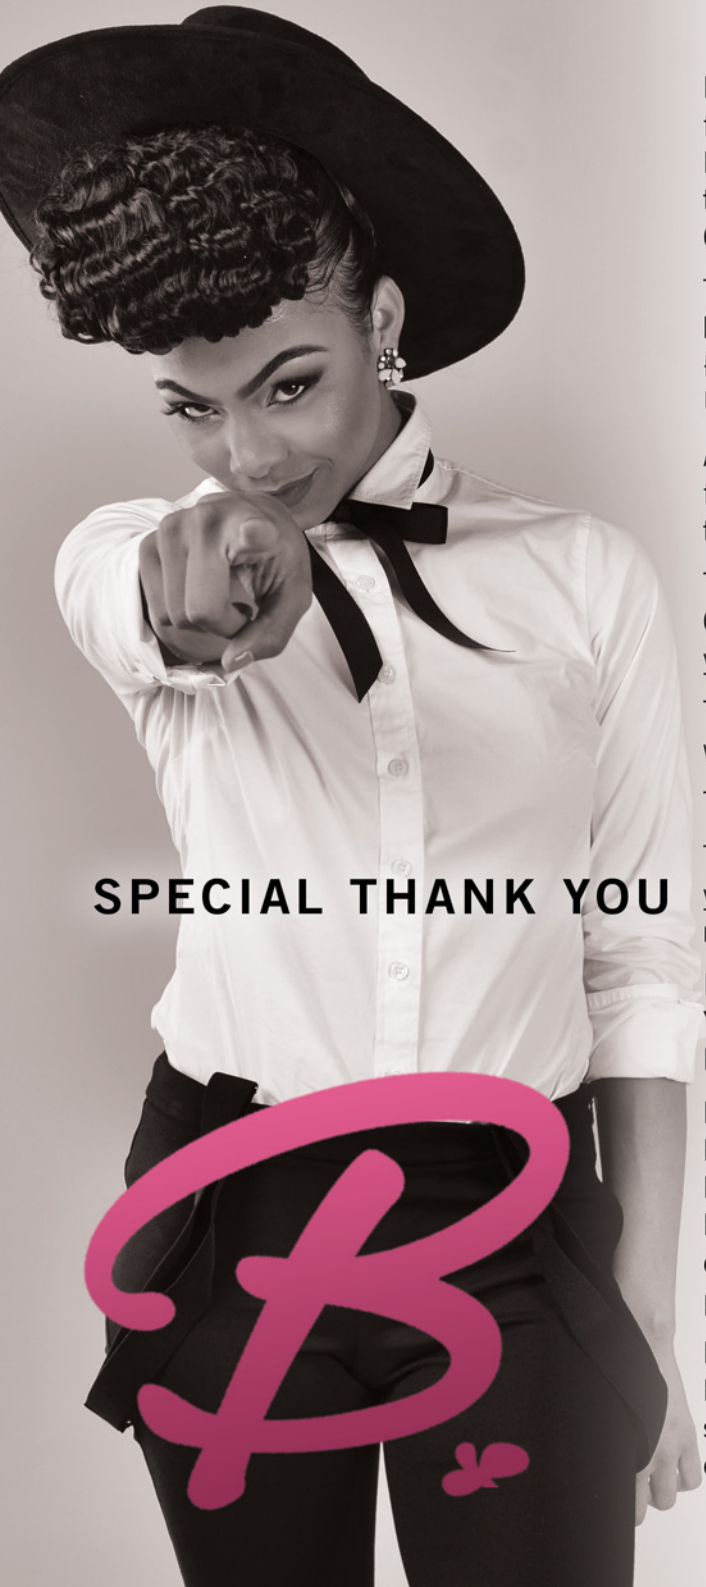
KEYS TO MY HEART



SPECIAL THANK YOU

First of all, I want to give all honor and glory to GOD, for loving me and for this gift that He has granted me. Thank You for making me strong and for always being there for me, when I wasn't strong enough to be there for myself. I am humbled by this experience and will never take it for granted. I will always strive to be the vessel that You've called me to be, and to be the best at this craft that YOU have given unto me. You've provided me with everything that I need. For that, dear God, I thank You from the depths of my heart.

To my parents, thank you. You both are the light of my life. Thank you for guiding me. I always feel secure because I know you'll never leave my side; and you've raised me with the necessary tools to succeed in life. To all my Grandparents: {Big Daddy & Agnes R.I.P} thank you for all your love and for treating me more like a daughter. To my siblings: Aunts, Uncles, Cousins, & other relatives, thanks for being happy for me and for always doing your best to support me.

A special thanks to the University of Louisiana and Lafayette Gospel Choir for showing me love and support. To my friends, those dating back to my childhood and the newest ones I've met through my travels, thanks for staying with me through thick and thin. Life tends to be happier with you present.

To my Refuge Temple Ministry church family, where I first was introduced to music and singing, My Pastor, Joseph E. Carmouche, who has watched me grow from a child to an adult; and to my Bishop, Wendell Archie, I say thank you for your advice, love, prayers and guidance.

To my manager, my friend, and my brother, Marquis Boone, I thank you for reaching out to me and believing in me, which afforded me this opportunity that has been life changing. I know that God has placed me in great hands.

To Sha Simpson, you literally brought my vocals to a place I never thought they could go; and for that, I am forever grateful.

To Bill Carpenter, thank you for advertising and letting the world know about me, I sincerely appreciate you. Also, thank you to Damon Stewart who is the best radio promoter a girl could ask for; thanks for allowing the world to hear my music.

I would like to give a BIG Thank You to the man who I will spend the rest of my life with, Bryan Andrew Wilson. Thank You for everything, especially for your endless love and support throughout this entire journey! I can face anything because you are by my side. I Love You!

MBE Enterprises, Tyscot Records, Doppler Studios, and everyone else--YOU know who you are--I say thank you from the bottom of my heart. To all the musicians and singers, the poets who wrote for me, to the producer, I appreciate all the hard work you did to get me to this point; and I look forward to more projects with you. To every Radio Station, Interviewer, Prayer Warrior, Youth Leader, Pastor, Evangelist, and Bishop who either wanted me to, or I've already had the pleasure of singing at your church, I say thank you for allowing me to use my gift to bless the people of God. Please continue to pray for me, as I continue on this journey.

Finally, this is the moment that I've been waiting for, the moment to finally give thanks to #Brination, for listening and buying my music, for listening to my songs, for giving me shout outs on all social media outlets. I've put my heart and soul into this album, and you are one of my inspirations for making it. I've read every comment of support and encouragement, and I thank and love you for each one of them.
